Hello Jhana,

We responded as a media referral due to a fire at a chemical plant. Sorry for the late response, this was stuck in my draft emails.

Hi Sandra,

It's Jhana, the FOSC that responded from EPA (Dallas) to the Bachman fire. Hope all is well. Just wanted to touch base so you could tell me again, what OSHA authority/document were you responding to? Our guidance, authorities and terms are so different, I'm trying to learn a little more about OSHA...FYI, I was responding under our National Contingency Plan (NCP). Thanks.
